

Grassroots
Day Nursery

Your child's gateway to great things ahead

HAZARDOUS MATERIALS Policy

Grassroots Day Nursery deliberately tries to limit the number of hazardous materials used in the nursery at all times.

Cleaning detergents are all household strength supplies.

Potential Hazards in the Nursery (all kept in locked COSHH cupboard located in the kitchen):

- Kitchen
- Washing up liquid – low risk household strength
- Antibacterial Cleanser – household strength
- Floor Cleaner – household strength
- Hand wash – low risk household strength

TOILETS

- Toilet Cleaner – household strength – but extremely hazardous if ingested
- To be kept in locked cleaning cupboard when not in use
- Full cleaning takes place on a daily basis when Nursery is closed
- Antibacterial Cleanser – household strength
- Hand wash – low risk household strength

MAIN NURSERY

- Antibacterial Cleanser – household strength

GENERAL CLEANING

- General cleaning of the facilities will take place on a daily basis by nursery staff. This will include mopping floors after lunch and wiping tables and chairs. Inevitably other spills will occur which will also require cleaning throughout the day. All these incidents will use nursery-cleaning products, which will be household strength.
